‡ Symposium Organizer. § Representative of the Editorial Board of *Clinical Science.*

The Biochemical Society exists to advance the science of biochemistry through meetings and publications. About 10 meetings a year are held, each at a different place; original papers are presented and special topics are discussed at symposia and colloquia.

Persons interested in biochemistry are eligible for election as Members. Members receive *The Biochemical Journal* without further payment. Details of facilities accorded to Members, and forms of application for membership are available from the Administrative Secretary, Mr G. McHardy, The Biochemical Society, 20 Park Crescent, Regent's Park, London, W. 1 (LANgham 9849).

The Biochemical Journal is conducted by The Biochemical Society, and is published by the Cambridge University Press. The Journal is issued in four volumes a year. Each volume consists of approximately 650 pages, published in three parts at intervals of one month. The index for each volume is issued separately.

Subscriptions to *The Biochemical Journal*. For non-members of The Biochemical Society the subscription to *The Biochemical Journal* is £4 per volume, payable in advance to the Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1, or to any bookseller. In the United States of America the Journal may be purchased from the Cambridge University Press American Branch, 32 East 57th Street, New York 22, N.Y. (subscription price $13.50 per volume).

Claims for the replacement of Journals lost in transmission should be made to the Cambridge University Press, and will not be entertained if they are received later than three months after the date of posting of the Journal.

Back Numbers. Quotations for available back volumes and parts may be obtained on application to the Cambridge University Press, except for volumes 1–19, enquiries for which should be addressed to William Dawson & Sons Ltd., Back Issues Dept., 16 West Street, Farnham, Surrey. Members of the Society may obtain volumes 1–19 at reduced rates and should apply to the Committee Secretary.

Advertisements. Applications for advertising space should be sent to Mr G. Parker, C. Mitchell & Co. Ltd., 1 Snow Hill, London, E.C. 1.
